MEETING MINUTES:

Deciding on an advisory board: in case we need help pushing for a project (the senators might lack background/perspectives since the majority of them are sophomores).

Decided board: Afifa El Bayed, Latifa Afitou, Khalid Sendide and Grace Neville.

Strategic planning 2020-2025:

- Academic.
- Student development.
- Growth and sustainability (long term).
- Communication (external and internal).
- Organizational effectiveness.

Some of the senators signed up for the different objectives.

Ongoing projects:

Student Life :

Health Center: Report is finished. Survey with 3 sections: physical mental and key issues. Met with Cleveland, agreed to make information available. Still going over the procedures. Key issues: excused absences. Report is shared on discord.

Vans: Suggestion of redesign of schedule. More stops for building 18, vans to Meknès, and a prototype to be developed, to use the cashwallet, instead of getting tickets or being in a situation of not being able to find tickets.

Shop: Price tags are now displayed. By the 7th, 3 products will be available which are cheap pasta, cheese, panzani.

Academics:

SHSS: Course rotation list : trying to solve it quickly; issues: classes not offered anymore for majors, minors, and grad programs. Deadline: by the end of the week.

SSE : Thematic Areas

SBA: proposal for research Capstone, talk about the representative, meet with Deborah for Capstone.

Internal Communication :

Put everything on Discord: more visibility and feedback. Everyone needs to know what is being worked on.

Avoiding overlap between senators.

Emailing external entities: through Ziyad Mourabiti.

Discussion about surveys and trying to raise awareness to get people to fill surveys in an effective and satisfactory manner.
