- PSC 4301, INS 3372, HRD 3399, HIS 3311, HIS 3320: Not on the rotation list.
- COM 3328, GEO 2402, HUM 3412, INS 3315, INS 3320, INS 3374: on the rotation list but don't seem to be offered (They are written in blue).
- For the courses marked in the column LO as "N/M"- Not Mentioned, the terms in the course search go back as far as Spring 2009. So for these courses, there is no sign of them being offered since Spring 2009.

Issues with the Course Rotation:

- Many courses that are supposed to be offered on a 3 semester basis (E3S) are not offered on a 3 semester basis (Their course code is written in purple).
- We will need more information regarding the MAIRS Courses because many of them are not offered. (They are written in Orange).
- We will need more information regarding the Graduate courses namely those of HRD, NAMES, and MAISD because they are not properly mentioned.
